40 minutes? It felt much longer than that.
I thought it was at least an hour.

Are you in at all this week?

Janet

Update:

Ex. 5 Deliberative Process (DP)

The Tribe requested the villages to enter into an MOU with the Tribe regarding the HAMP. It also requested a meeting with all of the villages to discuss the MOUs within the next 2 weeks. Although not entirely clear, it appears that the villages would prefer to meet together first and then with the Tribe. We emphasized our interest in entering into agreements with villages (and the Tribe, if constructive) to reach compliance according to a schedule with milestones.

We will send out an immediate email with the sign in sheet, a short list of action items, and request for a POC for each village. We will send out another email in 2 weeks to POCs (if identified) requesting status of villages mtg and the villages/tribe mtg.

Budget allowing, we should do an in-person meeting with the villages and tribe in Hopi this summer. This case will require continuous and persistent prodding. It is not realistic to expect signed AOCs by the EOFY.

Thank you, Roberto, Kimby, Hillary, Janet and Patrick, for all of the prep-work. This is only the beginning -- perseverance is essential on this case.
